Web Programming 271

Academic Year 2024

"Research has shown that it takes 31 days of conscious effort to make or break a habit. That means, if one practices something consistently for 31 days, on the 32nd day it does become a habit. Information has been internalized into behavioral change, which is called transformation."

MODULE DESCRIPTION			
Module Name	Web Programming 271		
Module Code	WEB271		
Qualification	BIT & BCOMP		
NQF Level	7		
Duration (weeks)	3		
Pre-requisites	WPR171		

## **PURPOSE**

The purpose of the course is to introduce interactive and dynamic web design using a programming language. The course covers language-specific details that need to be implemented in order to achieve the desired results. It will also look at how data should be represented for it to be best transmitted between the client and server.

#### **OUTCOMES**

Upon successful completion of this module, the student will be able to:

- Demonstrate detailed knowledge of the main areas of dynamic website programming, including an understanding of and the ability to apply the principles of programming to the area of web development.
- Evaluate, select and apply appropriate website development techniques to create and deploy a dynamic website by analysing and modelling requirements.
- Identify, analyse and solve problems by creating dynamic websites that accommodate specified requirements and constraints, based on analysis or modelling or requirements specification.
- Communicate effectively with a variety of audiences through a range of modes and media, in particular to present a clear, coherent and independent exposition of functional websites to IT and/or non-IT personnel via reports or presentations.

## STUDENT SUPPORT

Please contact your lecturer for subject-related support. The lecturers presenting this subject are:

- Mr S. Zengeni <u>zengeni.s@belgiumcampus.ac.za</u>
- Miss M. Magorimbo <u>magorimbo.m@belgiumcampus.ac.za</u>
- Mr. M. Combrinck <u>combrinck.m@belgiumcampus.ac.za</u>
- Mr R. Hood <u>hood.r@belgiumcampus.ac.za</u>
- Mr. P Moila <u>saula.l@belgiumcampus.ac.za</u>
- Mr. T.Mkwaira mkwaira.t@belgiumcampus.ac.za
- Mrs E. Shayamano shayamano.e@belgiumcampus.ac.za

If the lecturers were unable to assist, you can also contact the cluster head for this subject:

• Ms A. Mundackal – <u>joy.a@belgiumcampus.ac.za</u>

Further student support services are available via the counsellors:

- Lethlabile L. Selamolela <u>selamolela.l@belgiumcampus.ac.za</u>
